1. This is general price range from Amazon.com as of 6/28/09 and the Manufacturer's SRP.
2. Sound quality: 5 is the best rating, 1 is the lowest rating.
3. Please refer to audio files to listen to the recording for each headset.
4. "Auto On" means that when you unplug your headset from the charger that it automatically turns on and connects to your phone without your having to press a button for x seconds to turn on the headset.
5. "Headset Commands" refers to voice support via the headset in addition to the phone commands. All phones reviewed support voice commands via the phone but this is dependent upon the phone operating system.
